**SA International and Sign Tracker Announce Milestone:
500 Sign Tracker Users And Growing**

Salt Lake City, UT- August 30, 2011- SA International (SAi) and Sign Tracker, the leading providers of business management solutions for the sign industry, are pleased to announce that Sign Tracker has reached 500 users so far!

Sign Tracker, a web-application to help organize your shop, is gaining serious momentum with over 500 users signed up. Developers for the web application have been working at a furious pace to introduce updates almost daily, which are included for free to all subscribers.

To sign up for Sign Tracker and access the 30-day free trial, please visit SIGN.com. Sign Tracker offers three pricing levels based on the number of users and the amount of file storage needed. Monthly subscriptions range from \$29.95 to \$99.95 per month. For complete pricing details, please visit http://sign.com/SignTracker_Subscrip375.asp.

“Sign Tracker starts as low as \$29.95 per month, yet some business owners continue to spend all their time working out pricing on paper and hand typing a quote,” says Joe Arenella, creator of Sign Tracker. “Or, they will use a dry erase board for production management when they could do these things in half the time for very little cost.”

About SignTracker

Sign Tracker is a sign business management system that provides customer and sales tracking, estimating, project management, forms, scheduling and more. Originally designed as an Excel-based program, Sign Tracker is now being offered as an easy-to-use online web application. For more information, please visit www.sign-tracker.com.
